4.0 DETAIL

- 4.1 Skipness Primary School has been mothballed since October 2016 and since that time has had no pupils enrolled. Skipness Primary School has been designated as a “rural school” in accordance with Section 14 of the Act.

- 4.2 The statutory process for the closure of a rural school is laid out in the Schools (Consultation) (Scotland) Act 2010 (the Act) as amended by the Children and Young People (Scotland) Act 2014. The Act introduced a presumption against closure of a rural school and details specific requirements which the education authority is required to follow if they are considering formulating a proposal to do so. This includes a consideration of certain preliminary requirements and this has been previously carried out and reported to the Community Services Committee. The draft proposal at Appendix 1, if accepted, will allow officers to proceed to a statutory consultation on the proposal, in line with the process as set out in the Act and detailed at Section 21 of the attached Proposal Document.

- 4.3 The draft proposal at Appendix 1 includes an assessment of;

- The school roll and predicted school roll,
- Teacher numbers,
- The condition of the building.

- 4.4 The Council has also undertaken an assessment of likely educational benefits or effects which these proposals may have if implemented on:

- The pupils of any affected school
- Any other users of the school’s facilities
- Any children who would (in the future but for implementation) be likely to become pupils of the schools
- The pupils of any other schools in the Council area

4.5 The Council has also taken special regard to the following factors if this proposal was to be implemented, as Skipness Primary School is classified as a rural school:

- Likely effect on the local community
