

- 4.5.3 Islands – The programme of cemetery development locations, highlights the desire for the retention of a local burial service, including at least one “active” cemetery on main inhabited islands, wherever practicable.
- 4.6. Climate Change – Due regard will be given to climate change with a view to minimising any climate change impact and these will be considered as and when they arise.
- 4.7 Risk – Land suitability, availability and development costs, may affect the viability of retaining a local burial service.
- 4.8 Customer Service – Cemetery development programme aims to provide and maintain the burial service at local level where ever practicable.
