

***Integrated Joint Board***

**Date of Meeting:** 25<sup>th</sup> September 2024

**Title of Report:** Argyll and Bute Alcohol and Drug Partnership Annual Report  
and Scottish Government Annual Survey 2023 to 2024

**Presented by:** Alison McGrory, Associate Director of Public Health

**The IJB is asked to:**

content of the strategy refresh and overseen by a steering group. Thereafter the ADP will review structures to best fit the needs of the strategy and ongoing work.

- 4.3 Medication Assisted Treatment Standards performance reporting is reported via the Integrated Performance Management Framework (IPMF), delivered by regulated services and considered by the Alcohol and Drug Partnership for information. Regular Support To Implement Resource (STIR) meetings are attended with Public Health Scotland to monitor MAT progress throughout the year. MAT is also currently reported monthly to the Scottish Government.
  
- 4.4 The LDP Standard for Alcohol Brief Interventions is currently focused within the settings of Primary Care, Accident and Emergency (A&E) and Maternity Services. Improvements in data collection and collaborative working have led to a small increase of reported ABIs within the priority additional trainers in Argyll and Bute are now able to provide Alcohol Brief Intervention training

## 5. CONTRIBUTION TO STRATEGIC PRIORITIES

- 5.1 The 2020-2023 strategy pillars and refreshed 2023 priorities closely align to all four of the Argyll and Bute HSCP Joint Strategic Plan priorities.
